

Connie's Corner

June 11, 2010

Welcome and meet the ladies of Sautter's Floral Shop.

June is a busy month in the floral shop. Weddings and graduations gain top billing, but just around the corner is Father's Day on June 20th.

Speaking of Father's Day, check out Alma's "Doggie Basket" and Ford pickup truck designs on our website! These are sure to delight your delight you Dad or favorite person for Father's Day.

Jennile and Barb take great pride in delivering all our creations on a timely basis, and always with a smile.

Diane is our newest employee, manning the wire service and taking orders when you call. Stop in for a visit, we'd like to see you!

Next time in Connie's Corner I'll share a few tips on keeping fresh floral bouquets in tip top condition, and ways to keep fresh cuts from your own garden looking their best.

Please E-mail me with questions, comments or topic. I'd love to hear from you!
